The Course

Are you interested in plant and animal production and the management of different environments? This course will allow you to enter and progress within the agricultural and land management indsutries. It identifies knowledge, understanding and technical skills that employers will need from learners entering the sector in the coming years.

What You Will Study

- Farm animal production
- Crop production
- Work-related experience
- Estate maintenance
- Machinery operations
- English and/or Maths (if not achieved at grade 4)

Entry Requirements

Four GCSEs at grade 3, preferably including English and Maths, or a Level 1 qualification in a related subject. A satisfactory reference is also needed.

Time Required on Campus

You will normally be in college three days a week.

Work Experience

Work experience forms a large part of the study programme and you will need to complete over 300 hours off site work experience. This has to be undertaken in an area related area to your main qualification and you will be expected to secure this prior to commencing the course if possible.

How You're Assessed

You will be assessed using a range of traditional and contemporary models such as practical assessments, written assessments and blended learning.

Clothing, Equipment and Additional Costs

- High-visibility jacket/bib
- Overalls
- Steel toe cap boots
- Wellingtons
- Waterproofs
- Lab coat
- Notepad and pens
- Smartphone or laptop

Progression

You will be able to further your studies by progressing to the Level 3 in Agriculture.

Careers

Work as an arable and livestock farm assistant, animal control officer, agricultural equipment officer, farm caretaker, groundskeeper, landscape officer and many more.
