Agriculture	Level 3	Full-Time	2 years	September 2027

Practical vs Theory

45% 55%

The Course

Are you looking to develop a career in livestock production? This Agriculture T Level course will give you the knowledge and skills you need. You'll enjoy the ultimate blend of theoretical study in the classroom, gaining hands-on experience on our commercial farm and out in industry. T Levels have been developed in collaboration with employers to meet industry needs. They are a Level 3 qualification equivalent to 3 A Levels and offer you a balance of classroom theory, practical learning and a hands-on industry placement. You will spend 55% of your time in the classroom and the other 45% undertaking practical activities, including time spent in the workplace. This varies depending on the time of year. T Levels also carry UCAS points to take you on to university.

Course Aims

- To provide you with practical and knowledge-based learning, with specialist components focused on livestock production. Allow you to study and develop skills in real working environments, preparing you for employment. To give you the knowledge you need to progress to university level study, should you wish.

What You Will Study

- Sustainability, including environmental legislation, sustainable development, climate change and waste management principles
- The principles of biosecurity
- Employment rights and responsibilities and progression opportunities within the sector
- Ethical principles
- The supply chain and principles of stock management
- Business organisations, enterprise skills and project management
- Characteristics protected by equality legislation
- Communication
- Principles of customer care
- Finance
- Health and safety
- Information and data
- Occupational specialism: Livestock Production

Entry Requirements

You will need 4 GCSEs at grade 4 or above. These must include English and Maths.

Teaching and Learning Approach

You will learn through classroom sessions, practical work and blended learning.

Time Required on Campus

You will usually be on campus four days per week.

Work Experience

You will need to undertake a minimum of 315 hours (approximately 45 days) of on-the-job experience through an industry placement.

How You're Assessed

You will be assessed through formative assessments, synoptic assessments and examinations.

Clothing, Equipment and Additional Costs

- Overalls
- Steel toe capped boots
- Hi-vis vest
- Wellington boots

Progression

This T Level will allow you to progress to university level study or straight into employment.

Careers

This course will allow you to explore careers as an assistant farm manager, farm manager, farm consultant, livestock nutritionist, livestock production manager, auctioneer, and many more.
